

Seen,  
Heard  
and Told

By The Editor

V

Well, it looks like Bilbo has about rolled Roll-out Wall.

Voting is a privilege. Every citizen, qualified to vote, should lay down his sack, arise from his desk, or shut up his saloon, and go to the polls and vote next Tuesday.

Miss Kathryn Jones of Jackson, is spending her vacation this week with her parents, Mr. and Mrs. St. Jones.

"Miss" Lizzie Duncan of Duncan's Crossing is spending several weeks in Grenada looking after her grandchildren while Mrs. Townes Duncan is in Maryland visiting her folks.

Us Presbyterians had a fine get-together Wednesday night.

The racing boys need not be too discouraged by the small attendance at the races that they so painstakingly arranged for this week. If St. Paul came back here to preach, it is doubtful if he could get more than fifty Grenada folks to hear him. Grenada is just THAT way, and there is nothing to do about it. Best people in the world, but just can't be bothered.

Those who offer to vote, and are not exempt from payment of poll taxes by age or for other reason, should have two receipts which were paid on or before Feb. 1, 1941. This election is to be held under the old election laws and not under the Corrupt Practice Act. Receipts do not have to be shown unless demanded by the election officers.

We understand that our old friend, Jim Thomason, has been visiting his brother, Dink Thomason, and is now visiting his sister, Mrs. Coats in Hardy. He has been sorely afflicted, and we hope this diversion will be beneficial to him.

I put on a tie and coat Wednesday night and everyone wanted to know where I was going.

Col. Hoffa knew no better way, he said, to invest some seed money than to put in an ad for his man, Ross Collins.

Wonder when Hazel Brannon and FDR are going to make up, and be friends.

Maybe Skipper Meriweather "has something" in his Jerusalem artichoke plan. All sane persons realize that we must have something to replace cotton when the inevitable collapse comes to the cotton economy.

Harry Greenfield has got to take off Monday, as it is a Jewish holiday. All we can do is wait until Christmas and let him work on that day.

Here in our neighborhood, we do not face any meat shortage as we have some of the finest, fattest rats in existence.

Look out for delinquent notices soon, as the weather has got considerably cooler.

From the amount of political ads, we wish they would postpone this election until Christmas. I used to be fool enough to give away all political advertising.

Aint they sweet.

Albert Guy, faithful colored employee of Doak Hardware Company for the past 35 years, is a proud grandparent, his daughter and son, J. G. Williams and Selma Guy Williams, having become parents of a fine little son, Harry Guy Williams, at Albert's home on September 11, 1941.

By all means, go out and vote next Tuesday. There is a plenty of tickets for all to vote.

Sam Hall Garner, Alf Stone's efficient representative in this territory, retained his charter membership.

A few bales of cotton drifting in. One cotton buyer "bounced," but did not bet that Grenada county would make as much cotton as it did last year.

Thanks to Wick Ransom for a new hat and a new tie.

If ads and job work keeps on keeping on, as at present, I will not have to start preaching.

As Jhimie Arrington seems so anxious for a boy, we join him in his prayers. Aint suspense terrible.

Banker Rayburn pitched in \$1.50 recently.

The Tommie Rose family is assured of another 12 months of good reading matter. Guess what?

## Survey Started On Proposed Yalobusha Dam

From an office in the Masonic Building, with Mr. W. H. Carter, civilian engineer in charge, a crew of engineers, soon to be increased to 40 men, has begun a survey of the proposed dam above Haskew, designed to help control the waters of the Yalobusha River.

This dam, when and if built, will be part of the comprehensive plan to control the flood waters of the Yazoo River and its tributaries. The major unit of this plan, the huge earthen Sarda dam was completed last year and is a successful operation. The Arkabutla Dam on the Coldwater River, which among other things will cause the relocation of the town of Coldwater, is in process of construction. Surveys looking to the erection of a dam west of the I. C. Railroad on Yokema River have reached an advanced stage.

The Yalobusha Dam, when or if built, will control the waters of the Yalobusha River and one of its principal tributaries, Skuna River, and will be located a few miles above Grenada.

According to the limited data available to us, the dam will be of earth, with a concrete spillway, and will be 70 feet high. The length will be approximately two and one half miles, and the cost is estimated at \$17,000,000. Upon the very rare occasions when the dam will be "full" 77,000 acres—39,000 in Grenada County, 23,000 in Yalobusha County and 15,000 in Calhoun County—will be inundated. When and if built, the dam would cause the evacuation of about 2,300 persons in the tri-counties.

As for benefits, it is calculated that the building of the dam would remove flood hazards from 146,000 acres of land, 68,000 acres in Grenada County, and 78,000 acres in Leflore County.

An alternative proposal is that of building a Flood Control Basin, or, as called, the Delta Retarding Basin, we understand would consist of a huge levee, built a few miles west of and parallel to the Valley Hills and would extend from Leverett in Tallahatchie County to Avalon in Carroll County and would impound not only the waters of the Yalobusha River but those of Tippecanoe, Escalante and other "hill" creeks between the terminal of the levee. This levee, when and if built, would cause the evacuation of about 1,500 persons and would, at flood stage, inundate 49,000 acres of land. This plan, if accepted, would be of very minor benefit to lands in this county.

## Mr. Dave J. Smith, Former Grenadian, Died In Delta

Mr. David J. Smith, planter of Tallahatchie County, and a former resident of Grenada County, where he was born on October 1, 1880, died in the Charleston Hospital on the 9th of September, 1941.

For many years he superintended the Roane place in Tallahatchie County, and afterwards leased it; but for the past five years he has operated his own place. He was a hard worker and enjoyed the confidence of his neighbors and associates.

Funeral services were conducted at Gore Springs church on September 11, 1941 by Rev. J. W. Beverly, after which his body was laid to rest in the cemetery near by.

Surviving him are his parents, 13 children, his wife, three sisters and three brothers, to whom we extend our sympathy.

## EPISCOPAL AUXILIARY ANNOUNCEMENT

Miss Mary Strahan, President of All Saints' Episcopal Auxiliary announced at the Auxiliary meeting at her home Monday afternoon, that Mrs. Elizabeth Wheatley, of Greenwood, Secretary of Christian Education in the diocese of Mississippi, will be guest speaker at the Auxiliary meeting to be held at the Episcopal Church Monday afternoon, September 22nd at 3:30.

Mrs. Wheatley, a most earnest and forceful speaker, and one who loves her work, will prove a great inspiration to those interested in the Youth of the church. A full attendance is urged. Members of other churches are cordially invited to hear Mrs. Wheatley.

## PERRY BUYS OUT MARTINDALE

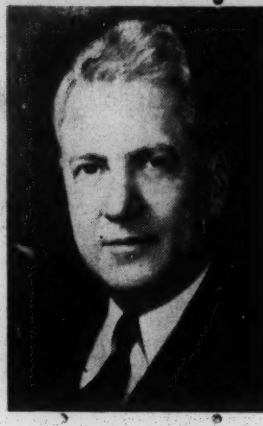

Mr. Charles C. Perry recently bought the one-third interest of Mr. W. A. Martindale in The North Mississippi Sales Company, the selling agency located at Fair Grounds which disposes of great numbers of meat and work animals at public auction each Thursday, and also has private sales each day.

Mr. Martindale was, with Mr. J. B. Keeton, one of the originators of the sales agency and is now retiring, leaving the Erancome brothers and Mr. Perry as owners of the company.

## Northeast Miss. Council Starts Operations

Offices were opened at University last week by the recently organized Northeast Mississippi Council, with John R. Robinson, secretary-manager, in charge.

The new offices are in the Y. M. C. A. building on the University Campus, the second building to the right after entering the University grounds.

Officers of the Council are: George McLean, Tupelo, president; Harvey Lee Morrison, Okolona, and W. O. Lawrence, Bruce, vice-presidents; W. N. Ethridge, Oxford, finance chairman.

Key man has been contacted for each of the 25 counties in Northeast Mississippi and the work of the organization is rapidly progressing. Many of the counties already have completed their organizations, and prepared their outlines of work for the future.

The Council, a non-profit organization, has been formed for the purpose of advancing the agricultural, mineral and business interests of the State's 25 northeast counties. Full co-operation and support is assured chambers of commerce, farm bureaus, the various research departments of Mississippi State College and the University of Mississippi in this work.

Mr. Robinson, the secretary-manager, is a Canadian-born citizen who has conducted surveys for some of the largest firms in the United States, afterwards putting into practical business effect the lessons learned in the surveys. He spent eight years in South America in this kind of work, and has had a thorough business and economic training in actual field and business installation work.

"The work of this Council will be solid, thorough and comprehensive," he says. "Our sole aim is to increase the per capita earnings of the citizens of Northeast Mississippi through bettering agricultural, mineral and business methods. We believe this can be done but first we will obtain the solid facts upon which to build."

## FORMER GRENADA COUNTY MAN MURDERED IN DELTA

Claudius Cornelius, son of Mrs. Elzie Huffman of the Oxberry community, was brutally murdered by a negro in Sunflower County one day last week. The details of the atrocious murder are too horrible to detail here. Mr. Cornelius was about 30 years of age and was a son of Mrs. Huffman and her first husband. He moved to the Delta several years ago.

One report is that the negro murderer was apprehended and carried to the mob-proof Hinds county jail; another is that he was shot by neighbors and friends of the slain man saved the county the expense of a trial.

Burial was had at Bethel Church, near the Huffman home, in western Grenada County Saturday.

## Locals

Mrs. Gertrude Marders accompanied by Miss Addie New, of Memphis, has returned from a motor trip which took them first to Belhaven College, Jackson, where Miss Gene Marders entered school and then to Sylacauga, Ala., where they visited Mrs. Marders' son, Mr. Parrish Taylor. They also went to Birmingham where they were guests of Mrs. Marders' cousin, and returning to Grenada Tuesday afternoon, Mrs. Marders then took Miss New to Memphis, remaining there for a short visit with her sister, Mrs. H. W. Priddy.

Mr. "Buster" Clanton, son of Dr. and Mrs. R. Clanton, left early Tuesday morning for Knoxville, Tenn. to enter a pre-medical class at the University of Tennessee.

## Jack Atkinson Killed Near Marks Thursday Morning

News reached Grenada early Thursday morning that Jack Atkinson, valuable employee of Art Quantrell Chevrolet Company, had been stabbed to death by Johnnie Kehoe in a near Marks early Thursday morning.

The details are unavailable. It is known, however, that Sheriff Hayward and Mr. Art Quantrell were called to Marks early Thursday, by the Sheriff of Quitman county.

Sheriff Hayward and Mr. Quantrell reported that Johnnie Kehoe was the killer and that the killing appeared to be cold blood murder.

Mr. Atkinson is the youngest son of the Mrs. E. L. Atkinson of Beat Five, and the late Mr. E. L. Atkinson. Surviving him are his widow and children, a brother, Mr. E. L. Atkinson of Jackson, three sisters, Mrs. F. B. Scott of Holcomb and Misses Loree and Ethel Atkinson both of Pensacola, Florida.

Funeral arrangements are not yet known, but it is assumed that his body will be buried in the Atkinson lot at Sparta cemetery, six miles south of Holcomb.

## Who's At The Hospital

BY AINT THEY SWEET

Patients in the Grenada Hospital, Mr. R. F. Eubanks, Colla; Mr. Calvo Seris, Grenada; Mr. W. H. McCormick, Grenada Rt.; Mr. S. B. Griffin, Grenada; Patricia Ann Evans, Valden; Mr. W. J. Parker, Big Creek; Mr. R. M. Lockett, Grenada; Mrs. J. A. Spencer, State Springs; Baby Roy Fleming, Calhoun City; Mr. Henry Fly, Coffeeville; Benton Gale and Henry Dale Fly, Coffeeville; Mr. W. A. Bart, Grenada; Mr. Norton Burlon, Calhoun City; Mr. J. Frank Wilson, Mt. Vernon, Ill.; Mr. S. E. Miles, Forest.

Patients dismissed from the hospital, Mrs. Harry L. Todd, Batesville; Mrs. Durrett Bailey, Oakland; Mrs. Henry Carpenter, McAlester; Mrs. Gene Herndon, Enid; Mr. L. C. Howard, Grenada; Mrs. Elvie Fleming, Calhoun City; Mrs. M. J. Greenhaw, Grenada; Mr. Rex House, Calhoun City; Mrs. W. J. Middlelaw, Grenada, Rt.; Mrs. J. V. Steel, Batesville.

## The Stork Flew By And Left...

A little daughter, Betty Gray, for Mr. and Mrs. Beral Williams of Red Grass on September 9, 1941.

A little son, not yet named, for Mr. and Mrs. David Hille, of Gore Springs on September 11, 1941.

## VISITOR HONORED

Mrs. Roy Wingfield, of Pascagoula, Miss., arrived Wednesday to be the guest of her friend, Mrs. A. W. George, for several days.

Mrs. Wingfield was honored today (Thursday) by Mrs. F. T. Gerard at 12 o'clock when a small group, composed of Mrs. Wingfield, her hostess, Mrs. George and members of the family and several intimate friends enjoyed a duck dinner at Jake's place on No. 8 Highway. Places were laid for eight and those present were, Mesdames Wingfield, George, John King, Ernestine Martin, Allie Ross, F. T. Gerard, Miss Juliette Deak and Mrs. W. M. Mitchell.

On Friday afternoon Mrs. Doak will entertain for Mrs. Wingfield. She is to leave for Yazoo City on Saturday.

## CITIZENS ASKING CITY COUNCIL TO ADD TO HOSIERY MILL

### Quiet Election Expected Next Tuesday, The 23

Both of the candidates, Wall Doney and Ross Collins, having been called back to Washington, the big guns of the senatorial election have ceased firing, and it looks as if there will be a rather tame election.

Would-be voters should remember that, unless exempted from the payment of poll taxes by age or other legal causes, they must have paid by Feb. 1, 1941 TWO poll taxes and, if necessary, be able to produce them. If this were a primary election, a voter would have actually to produce ONE receipt dated on Feb. 1, 1940 or before, and ONE dated Feb. 1, 1941 or before. There is a fine distinction in this matter and would-be voters are urged to remember these prime requisites.

The election commission of the county has purged the books and the qualified voters shown to exist in the several precincts are shown as follows:

East Ward, Grenada	790
West Ward, Grenada	800
The Plant	82
Elliott	81
Providence	100
Gore Springs	128
Graysport	80
Pleasant Grove	44
Spears	62
Mr. Nebo	107
Kirkman	173
Geslin	141
Hardy	139
Peardige	44
Holcomb	260
Oxberry	108

Total 3247

A list of election officers appointed to hold this election is published elsewhere. Should an officer fail to show up, it is the duty of those who do show up to appoint an officer in place of the absentee.

The tickets have been printed and are in the hands of Circuit Clerk Charlie Worsham. It is usually customary for the returning officers who ordinarily come to town on Saturdays, from the remote precincts to get the boxes and carry them home on Saturdays. While not authorized by Mr. Worsham to say so, we feel sure that he will follow this custom this year.

## C. B. Welch Died Friday, Buried Sunday

Mr. C. B. Welch, long time WPA time keeper and office man of Grenada died in Tyler, Texas, last week. Being in bad health, Mr. Welch's brother came to Grenada and moved Mr. Welch and family to Tyler. Arriving there Tuesday, he died Friday.

He had many friends here and was known for his accuracy in keeping track of the intricate forms required by the WPA. He was formerly an employee of the railroad in the telegraphic department.

## TO THE CITIZENS OF GRENADA

Group Headquarters, 4th Air Depot Group, Air Corps, Jackson Air Base, Jackson, Mississippi, September 10, 1941.

To the Citizens of Grenada:

On behalf of the officers and the enlisted men of the 4th Air Depot Group, I wish to thank one and all of you for the wonderful cooperation you gave us in spending a very enjoyable evening with you.

We all realize the sacrifices made by you in opening social functions that were not usually available on Sundays. Some of you may have even thought it was not quite right to have such social events on the Sabbath, but I am sure that all these objections will be discounted when you realize the help it gave all of our boys. My experience with men has shown me that they should not be left with little time to find something to do that is harmful to their bodies and minds. With nothing to do a man's morale invariably lowers, and in this present emergency everything possible must be done to keep the morale of the men in the service high.

For your successful efforts to entertain our men, you have certainly stamped the name of Grenada upon the hearts of everyone of us.

Again I thank you from the bottom of my heart for the men of the 4th Air Depot Group.

Very sincerely yours,  
MAX H. WARREN,  
Major, Air Corps

Mr. J. H. Biddy and son, Mr. J. P. Biddy, and Mr. Lee McIlvain spent the past week-end on the Mississippi Coast.

Petitions are being circulated, and numerous signed, asking the City Council to issue bonds not to exceed Fifty Thousand Dollars to add to the floor space of the hosiery mill.

Attached to the petition is a signed statement from Messrs. J. B. Perry, Sr., L. J. Doak, John T. Keeton and J. H. Oliver giving the following information:

The Hosiery Mill is now,

1. Employing approximately 300 people.

2. It has a pay roll at present of approximately \$300,000.00 a year.

It is interested in an expansion program of about,

1. Additional building at an approximate cost of \$50,000.00.

2. With additional equipment for said building, such as boilers, furnishings, etc., of about \$125,000.00 with four additional expensive machines.

3. This expansion will employ approximately another 125 young ladies and men—mostly ladies—at about the average salary per person as the ones now employed.

They propose that if the town will build this building at a cost to the town not to exceed \$50,000.00, they will make this expansion, paying all the cost of the house, machinery and equipment themselves in excess of the \$50,000.00.

The cost of the building, which will not be in excess of \$50,000.00 to the City, they propose to liquidate over a term of not exceeding twenty years in whatever amounts the bonds themselves cost the City, including interest and principal, and in whatever installments agreed for the bonds.

If, and when, the Board of Mayor and Aldermen authorizes the issuance of the City's bonds for the payment of the above mentioned building, a committee composed of J. B. Perry, Sr., L. J. Doak, John T. Keeton and J. H. Oliver will give their opinion, after a full and thorough investigation, of the financial condition of the Hosiery Mill, or its subsidiaries, as to its financial responsibility to guarantee the payment of such bonds as, if and when issued, and if they fall due. Said report will be submitted to the Board of Mayor and Aldermen and approved by it before the bonds are issued.

We, the committee, heartily recommend to the qualified electors of the City of Grenada that you sign the petition to the Board of Mayor and Aldermen of the City of Grenada to enlarge and build an annex to the Industrial building occupied by Grenada Industries, Inc., as set out in the above statements.

## WPA FORCES START NEW PROJECT ON COUNTY COURTHOUSE

WPA forces Monday morning started a new project looking to the improvement of Grenada's seventy-one year old court house.

The roof, badly rusted, will be repainted; untinted walls on the interior will be repaired and tinted; those floors not already prepared in that fashion will have asphalt tiles installed; the ceiling of the court room itself will probably be lowered and a partition separating the sheriff's office from that of the county tax assessor will be installed.

## PRAISES CITY OFFICIALS

The following article was handed in for publication by Mr. Juel Batson, president of the Lions Club:

The Grenada Lions Club was informed Thursday morning that their petition to the Mayor and Board of Aldermen several months ago had been acted upon. The petition signed by the Lions Club asked the City of Grenada to set aside a sum in the new budget for the coming fiscal year which would be used to put name markers on all the streets in Grenada and also formulate a plan whereby each house in the city would be numbered correctly. Due to the diligent work of Mayor Sharp and Street Commissioner Lion Talbert, the sum of \$500 was set aside for the anticipated work. The club feels that this will help the citizens of Grenada, as well as strangers in town who are trying to find different streets and homes which are numbered.

## U. D. C. MEETING SCHEDULED

The Grenada Chapter of the U. D. C. will meet at the residence of Mrs. Joe Thomas at 2:45 o'clock, on Thursday, September 25th.

## WPA WORKER KILLED

Grant Stinson, colored WPA worker on the river-cleaning job, was accidentally killed while on the job last Friday morning.

Mrs. C. C. Waterman is visiting relatives at her old home in Indiana.

## GRENADA COUNTY WEEKLY

W. W. WHITAKER Editor  
MRS. W. W. WHITAKER Publisher

Entered as second class mail matter at the post office at Grenada, Miss., under Act of Congress of March 8, 1879

Subscription Prices: \$1.50 per Year in Grenada County and Vicinity; \$2.00 per Year for others. Subscriptions are Payable Strictly In Advance.

"Grenada County News A Specialty;  
Other News Used Only in Emergencies"

THURSDAY, SEPTEMBER 18, 1941

## Shrinking Land

We have read that scientists say that the earth is gradually shrinking. After reading the report of cotton acreage on the old lady's farm which was dated September 3, 1941, and showed that she had 22.5 acres of cotton; and the report dated September 10, 1941, that she had 24 acres of cotton, we are convinced that the scientists are all wet. If the earth grows 7 percent in seven days, as the old lady's cotton acreage grew, there are going to be some remarkable changes in the earth within a month, and what the Old Mother will look like in a year - with 365 percent growth - is horrible to contemplate. Today it is 11 miles to Holcomb; next year with a 365 percent expansion it will be 51 miles. Today it is about 399 miles to New Orleans; next year it will be nearly 1400 miles. The circumference of the earth today is about 25,000 miles; next year it will be over 116,000 miles. According to hurried figuring, within fifteen years, the earth will have grown until it actually touches the moon. Growing that rapidly, Perry Creek will, within ten years, be larger than the Mississippi River; Mosquito Lake will be as large as Lake Washington, and the public square in Grenada will be as large as Parchman Farm. At that rate the Chinch Den will be larger than Marshall Field's within seven years.

Readers, please do not be alarmed at the above figures. The old lady's cotton acreage DID NOT grow from 22.5 acres to 24.0 within a week. It did not grow AT ALL. It grew only in the imagination of the AAA. It is ridiculous and absurd that such damfoolishness should go on in an enlightened country, and that government agents should leave themselves so wide open to attack. In our opinion, the truth of the matter is that AAA engineers (?) do not know what the hell they are talking about.

The practical effect of this imaginary increase in acreage, which brought the acreage up to the "allotted acreage," to the poor, ragged and hungry negro tenants the few measly Cotton Stamps to which they would have been entitled had the report of Sept. 3, 1941 (showing 1.5 acres less than the allotted acreage) remained as the official report.

If the reader does not understand this, do not get discouraged. We do not either, nor does the AAA.

## A "Must" Program

We note from the papers that Governor Johnson has a "must" program for the 1942 legislative session.

Grenada County, too, must have some sort of "must" program, based on carefully planning and diligent execution.

Even the meager income received by most of our farmers is of purely artificial and temporary character. The soil-conservation payments, the parity payments and the "Loan Value" of cotton certainly can be nothing but artificial stimulants to a decadent economy. The WPA work given many farm people during the non-farming seasons, too, is temporary. THE GOVERNMENT CANNOT FOREVER CONTINUE TO BUY PROSPERITY, as it has done for the past eight years.

Grenada county rural people MUST find other crops to replace the crops of cotton, now heavily subsidized by the federal government. They MUST find other means of revenue even to preserve their pitiable standard of living. Shall the savior be the peanut, the sweet potato, the beef animal, the dairy cow, or a combination of all? Certainly they MUST find SOMETHING.

The prosperity of Grenada is directly attributable primarily to the cotton economy and the timber economy, both "going out". As at present organized Grenada can rise no higher than the cotton production and the timber production, not of this county alone, but of the area fifty miles around here. Grenada, too, MUST do SOMETHING. Grenada cannot remain prosperous, Grenada cannot continue to grow when the income of the people in its legitimate territory sinks. With three-fourths or more of our people living on a bare subsistence level, we cannot continue to prosper.

The problem of getting something to replace cotton and timber is a vital problem and this problem should engage the earnest attention of our best minds.

## The Dam

Within a short time the crew of engineers engaged in making preliminary surveys looking to the construction of a dam across the Yalobusha River a few miles north of Grenada, will be increased to 40 men.

Our opinion now is this: that this is just one of the projects that the government is surveying, and that, if construction of a dam is ever accomplished, it will be accomplished only after the conclusion of peace. The government, in our opinion, is "getting set" to help absorb the immense number of unemployed person which will offer a great problem when war industries cease operating and when the army is demobilized.

Just because there is a survey being made is no certain sign that construction will eventually follow. Grenada, you will remember, made a survey about a municipal plant. Thousands of surveys are made while hundreds of projects are put through.

Further expressing an opinion, we DO believe that, following the end of the war, the government WILL further control the waters of the Yalobusha and its tributaries either by the construction of the so-called Hastyway Dam, or by the building of the so-called Delta Retarding Basin. The dam will both hurt and help in Grenada county; the latter will only hurt.

In the meantime, do not move before you get in your crops, for we cannot believe that, at the present time when the government is pressed for both men, materials and money, it will divert either to any large peacetime project.

Me and the GCW.

## More AAA Dope

Mr. R. V. Nason, a most reputable and a most substantial citizen of Holcomb, stated that he deliberately overplanted cotton this year, knowing that, to sell it expeditiously, he would have to make bond to guarantee payment to the government of penalties on cotton produced on the excess acreage. He stated that he was quite positive that his act of overplanting was much less than the overplanting by the engineers(?).

He offered to make bond. Would a bond issued by a recognized bonding company be suitable? Oh, no, such a bond would not do. Would a U. S. Government bond be suitable. Oh, no, such a bond would not do. What kind of bond would suffice, he asked. A bond signed by a number of men who possessed debt - free land.

Since when has a bond made by individuals been better than a bond made by a bonding company? Since when has a U. S. GOVERNMENT bond been less desirable than a bond made by individuals?

You will have to ask the AAA about that.

## Leave It At Home

Irrespective of the short crop, business is going to pick up from now on until Christmas. More and more people from outside Grenada will come to Grenada to trade. These people come in cars. Most of them come on Saturdays. Their cars have to be parked. It is far more convenient for them if they can park their cars near the stores, and it is decidedly inconvenient for them to park their cars around the Presbyterian Church, way down near the jail and at other places remote from the places where they transact business.

For a town of its size, Grenada has quite a small amount of space for parking. Most of this space, unfortunately, is usually preempted by the store owners and their clerks and is used for from ten to fifteen hours during the busiest day, Saturday. The space not used by the clerks and owners has to be divided between the "trader from afar," our guests, and the sitters and lookers—those who park their cars for hours at the time and just sit and look.

Would you ask guests to your home, then preempt the rocking chairs on the porch and in the parlor and save the guests occupy soap box seats and Coca-Cola cases on the back porch? That's essential what our merchants in Grenada do to their guests.

## McLean Agrees With Allen

After reproducing in full the article, "Trend of the War" by Herbert B. Allen, which appeared in a recent week's issue, Editor George McLean of the Tupelo Journal has the following to say:

When the Russo-German war broke out we expected the Germans to "blitz through" the Communists in a few weeks. We knew that the Russians had been devoting practically all of their attention to military matters during the past twenty years but we frankly thought that they were too incompetent to do any good before the efficient Nazi might.

We were wrong in our estimate—and so were most newspapermen, as well as military officials of the United States.

We remember reading in the Grenada County Weekly a statement by Herbert B. Allen that the Russians would not "fold up" in a few weeks and that Hitler was beginning to slip. Allen is a Canadian who served in both the British and the American armies. He is now living in Grenada and writes an interesting column in the paper edited by Whyte Whitaker of that city.

Since, fortunately, we were completely mistaken in our estimate of the "staying power" of the Russians, we are printing in our "With Other Newspapers" column, an estimate by Allen that appeared in this week's Grenada County Weekly. We are in thorough agreement with Allen's point of view that various countries of Europe are going to experience terrible conditions this fall and winter.

## Dr. Speck Is Right

Dr. C. M. Speck seems to be entirely right in his statement that the limited facilities of Whitfield should be used for mentally ill persons belonging to families who are unable to pay for treatment of the individuals consigned to Whitfield and not as a pleasure resort of drunks who are able to take the Keely Cure, or pay their way in the many pay institutions maintained for such cases. These persons who can pay their own way or whose families can pay the expenses occupy space, eat food, and consume the time and attention of doctors nurses and attendants whose time should be devoted to the care of those who are actually insane and those who have no means to pay their own way.

We quote a news item from The Brandon News to which we subscribe:

Declaring that the Mississippi State Hospital at Whitfield was established for treatment and care of mental cases "and not as a retreat or home," Dr. C. M. Speck, superintendent, has reported to the board of trustees of the institution that a financial checking and deportation service has been installed.

Expounding that finances of the institution require rigid economy, the superintendent said the new plan under the social service department provides for "a searching study of the financial ability of both patient and family." Under the law, patients are required to pay for treatment if they are financially able to do so.

"There has been in the past too many disgraceful impositions upon the state hospital by families well able to pay for a patient's treatment and institutional care," Dr. Speck said. "We are trying to set up an organization, without increasing expenses or personnel, to check into the financial abilities of families as thoroughly as the credit department of a bank does before loans or lines of credit are granted."

"As a result of the new service," he said that "we have increased each month the income from paying patients."

"We are not going to let people who have money stay here and take food from those unfortunate wards of the state," he said. "It is not right, if they don't want to pay their way here, they can pay their way back home and engage a private attendant or nurse."

"The Mississippi State Hospital was established for the treatment and care of the mental patients, not as a retreat or home. And we are not going to allow its purpose to be violated."

## You Can Sell With Small Ads

Is your store quiet? Do your clerks do a lot of talking among themselves? Do goods stay on your shelves... or onto the bargain sales seasons? Do you sit and wonder how to grow?

Do you know that it's what they think that governs what they buy?

Don't you realize that you can change apathy and doubt and unwillingness to buy from you... with ADVERTISING in THIS newspaper? That you can, if you deserve it, make folks think what you want them to think?

You can create sales conditions in minds, make buyers friendly, make buyers believe in you, make buyers have preference for dealing with you. Start a flow of footsteps into your store, start goods moving off your shelves, start and maintain PROFITS with SMALL ads, constantly. Most great merchants used these tactics: started with small ads; grew with them; increased their sales—advertising as they grew... in rumbling, profitable rhythm.

Will you challenge? May we show you proof? Today?

## Planning Savos Vital Materials

Immediately after the outbreak of hostilities in 1939 the Bell System began an intensive survey to determine how they could replace such vital war materials as aluminum and zinc with less vital materials in the fabrication of their materials and equipment, and, as a result have been able to save in 1941 about 1,700,000 pounds of aluminum and a third of a million pounds of zinc.

Enough aluminum has been saved by the Bell System this year to build 275 light or planes, we have been informed, and this in a worthwhile contribution to national defense.

Many other conservation and substitution programs have been started by the Bell System, looking toward two objectives, viz: the extension of its telephone service, a very vital matter in itself, and in the reclamation of all junk and the substitution of less vital materials for more vital materials ordinarily used in its business.

We have invariably been on the losing side and, therefore, we cannot help anybody get a job. Most of those who were on the winning side are deviled to death.

## —UNDER THE MAGNOLIA TREE—

By Herbert B. Allen

## HITLER, NAPOLEON AND GOD!

Speaking to his Bible Class at the Grenada Presbyterian Church on Sunday morning, my learned friend, and kindly neighbor, Mr. Andrew Carothers, was commenting on the spiritual and material forces operating in the world during this time of grave crisis.

Among a number of excellent illustrations with which he summed up conditions, in the graphic manner characteristic of a capable attorney, Mr. Carothers employed the famous declaration of Napoleon, that "God is on the side of the strongest battalions." Mr. Carothers was pointing out the fallacy of this statement, and his remarks inspired the following thoughts on Napoleon and Hitler.

Napoleon Bonaparte was perhaps the greatest military genius who ever wore the insignia of an army officer. Napoleon possessed a personal magnetism which has never been equaled in inspiring patriotic fervor among soldiers, and in keeping their spirit and morale at a phenomenally high pitch.

In his time he accomplished what were considered by his contemporaries to be miracles of the first order. The practical men, and the pessimists of his time, considered him unbeatable. To use a typically Southern expression, all of the "low pressure" groups considered that Napoleon had the world in the palm of his hand.

So thought Napoleon. And with the typical cynicism of a great man of affairs, he looked with disdain on the spiritual forces of life, and upon those individuals whose spiritual beliefs are their rod and their staff.

A group of practical men one hundred and fifty years ago, would probably have considered it highly amusing for any person to have arisen in their midst, and to have declared, "Eighteen hundred years ago, in Galilee, a Young Man, speaking with authority, laid down the fundamental truth that the meek shall inherit the earth. Gentlemen, that truth applies to Napoleon Bonaparte as specifically as it applied to the Caesars of Rome, and to all of the imitators of Caesar since his time. Napoleon will

definitely fall. The teaching of Christ is the ultimate and final truth—and the proud boasting of Napoleon is but the vain and haughty bombast of a man of the world, riding toward a great fall!"

In the small islands of Great Britain, in Napoleon's time, there were Christian men who held to their faith with that tenacity of purpose that is characteristic of the British race. In their day they had little in the way of an army; little in the way of equipment; little in the way of preparation. The population of England was then about ten million persons—scarcely a terrifying number!

But on the amazing little island of Britain the people held a firm belief in the tenets of the New Testament—and a firm confidence in the God of our Fathers—together with the settled conviction that right makes might!

In the course of human events, as they are guided by the inscrutable wisdom of Providence, the mighty Napoleon lived his last years on the tiny South Atlantic Island of St. Helena, as the harmless guest of the British government. So time will dictate the ultimate destiny of Herr Adolf Hitler. And it is my firm belief that the British government will have a determining voice in the selection of Herr Hitler's last residence on this uneasy globe.

Napoleon is said to be the idol of Hitler, and the pattern of his life ambition. But there is no similarity between the two men. Napoleon was a strong and independent character, who carved his own career. He was not the creature of circumstances—he made circumstances!

Hitler is no such character. His early days were spent in obscurity; and so were those of Mussolini in Italy. Only conditions and circumstances, which arose as a direct result of the economic convulsions which followed in the wake of the world war, made their careers possible. They are the children of circumstance—and not the creators of circumstance. There is a vast difference between the two types—the Napoleonic and the Hitleresque.

The engineers and inventors of the world have created conditions with which the world has been woefully unable to cope successfully. Indeed the efforts to deal with the consequences of the world war during the last twenty years have been unreasonably weak and ineffective.

It always happens in history that the great periods of transition, from one social stage to another, are marked by terrifying wars and destructive social and economic disturbances. Hitler is significant in this respect—and in no other way.

The world has been brought to it senses by present developments as no other means would awaken it. The great problem now facing us is how to put the mechanical and intellectual assets of the world to work FOR humanity—rather than to permit the intelligence, and the mechanical marvels of the age of invention, to be used to DESTROY the progress which the human race so painfully has attained through long centuries of desperate struggle.

The world is witnessing a titanic battle between the forces of light and the forces of darkness. On the little island of Britain the forces of light are small in number—but they are powerful in the GREAT TRADITION—and they have as their animating force the positive conviction that truth and justice are on their side and that these forces MUST prevail!

In the twenty-sixth chapter of Matthew may be found the strength that is the strength of England, and the sole hope of all humanity. In the fifty-second verse is the key to the world's situation, for therein Jesus declared, "They that take the sword shall perish with the sword."

The chaos and confusion of the world is not an easy scene for the human mind to penetrate and analyze; or from which to predict the course of events to come. But to the mind of this writer the path to victory is clearly open; and the issue has never once been in doubt. For the determining factors which rule the course of human events are never, in the final analysis, those factors which appear so positively certain in the eyes of the non-spiritual.

Napoleon, with all of his destructive genius, has a distinct place in world history, the significance of which is better known today than it was in his own time. Such is the case with Hitler today. Hitler is just as blind to the actualities of this world as Napoleon was in his time.

In the long run it is spiritual considerations which determine the course of human events. An Unseen Power is the great and final Master! To do our level best in the cause of the right, to hold fast to the belief of our fathers, and to have full faith in God's justice; these are the essentials of victory over the powers of death and destruction.

"Thy will be done of earth—"

### TWENTIETH CENTURY CLUB

Mrs. J. K. Arent and Miss Lucile Owens were hostess to members of the Twentieth Century Club at the handsome home of Dr. and Mrs. Arent on Margin Street Tuesday afternoon at three thirty.

The reception rooms were beautifully arranged and subdued lights enhanced the scene made even more lovely by the bouquets of flame gladioli, marigolds and zinnias, and in the dining room, where chairs were also arranged for the guests, the dining table was centered by miniature arrangements of garden flowers in crystal holders creating a most charming centerpiece.

The club program, which deals with a serious discussion on "The United States in the World Crisis," was presented by Mesdames F. A. Stacy, who reviewed the book, "The Irresponsibles" by McLeish, and G. S. Kent who reviewed the book "Men Must Act" by Mumford. Both of these talented women spoke clearly and forcefully on these subjects, "bringing home" the seriousness of the national and international situation, and especially the need for Americans to recognize the dire need for intelligent and prompt cooperation with our leaders.

Mrs. H. L. Honeycutt, Vice President, presided during the afternoon, introducing the ladies on the program with a short talk on each one's subject, also the usual business session when minutes were read, roll was called and dues collected.

At the close of the program, the hostess served a delectable salad plate containing "Paradise" salad, dainty sandwiches and wafers. Miss Louise Arent assisted with the serving of refreshments.

Members absent were Mesdames Waterman, Marders, Vandiver, Perry, Lickfold and Keeton. Twenty-four ladies were present.

### DUPLICATE BRIDGE

Meeting at the charming home of Mrs. Ben Townes on Tuesday afternoon at 2:30, the members of the Duplicate Bridge Club enjoyed an afternoon of enthusiastic games. Three tables were arranged in the living room which was gaily decorated with flowers from the garden of the home.

Mrs. E. L. Morrow was the only non-member guest present. The pair to compile high score was Mesdames Charles Dickinson and Sam Hall Garner. Second high was compiled by Mesdames R. C. Trusty and E. R. Pleasant. Delicious sandwiches and Coca-Cola were served.

Mrs. Knight, nee Miss Agnes Trusty, left Saturday afternoon for her home at Alexandria, Va., after a two week's visit with her parents, Mr. and Mrs. R. C. Trusty. While here, Mrs. Knight was the inspiration for numerous small social affairs. She visited briefly in the delta and had short visits to Jackson, Miss., and Memphis. On these trips she was accompanied by her mother.

### CLUB MEETS

The T. and S. Club held its first meeting Monday, the 15th, under their new teacher, Mr. L. E. Norsworthy, who is taking Mr. Stubbs' place in teaching Diverified Occupation.

Class dues were agreed upon and new officers were elected as follows: President, T. D. McLeod; Vice President, Sydney Kettle; Secretary, Pauline Richardson; Treasurer, Mary Ida Odum; Reporter, Martha Johnsey; Historian, E. C. Litten.

All students have been placed and are expected to improve throughout the year.—Reporter.

### PRESBYTERIAN AUXILIARY MEETS

Three Circles of Presbyterian Auxiliary met at the Church Monday afternoon for a Missionary program meeting, the topic being "Africa." Circle No. 1, Mrs. Will Hill, leader; Mrs. W. D. Salmon, devotional leader; and Mrs. C. V. McKell, program chairman. Circle No. 2, Mrs. Raphael Semmes, leader. Circle No. 3, Mrs. H. D. Lane, Sr., leader. Mrs. Harry Adams, program leader, was assisted by Mesdames Cowles Horton, Jack Townes, J. L. Cooley, T. T. Yeager, Tom Grant, and E. L. Gerard. Mrs. Hal Calhoun led the devotional. The Circles met in three of the larger class rooms.

Miss Ruth Sweatland, Grenada Industries' efficient secretary, is visiting in her old home in Indianapolis this week.

Mr. and Mrs. Wayne Williams and two children, of Greenwood, spent Sunday with their parents, Mr. and Mrs. J. H. Oliver.

Mr. and Mrs. B. A. Porter and son, Jerry, of Miami, Fla., arrived Thursday of last week and were guests of their sister, Mrs. Orman Kimbrough and family while here. They were enroute to Rosedale to attend the marriage of their brother, Mr. F. A. Porter to Miss Mary Ripley Shattuck. Mr. and Mrs. Kimbrough and two children, Orman, Jr., and Helen Louise also attended the wedding which occurred on Friday evening. Mrs. Kimbrough had vocal solo part in the nuptial music. They returned home Saturday.

Mr. L. R. McIntosh, of Denver, Colo., is visiting his sisters, Mrs. H. C. Wilson and Mrs. Lilla Clogston.

Mr. and Mrs. R. E. Pollard and son, Ray, Jr., of Whitehaven, Tenn., spent Friday of last week with their friends, Mr. and Mrs. J. T. Keeton.

Miss Robbie Sam Clanton, daughter of Mrs. Carrie Clanton, has assumed her duties as a member of the school faculty at Jonestown.

Rev. and Mrs. Pat Easterling left Wednesday for their home in Excelsior Springs after a month's visit in Grenada with their parents, Mr. and Mrs. George Grant and Mrs. Etta Dudley.

Recent guests in the home of Mrs. Carrie Clanton were Miss Wealtha Sudam, (teacher at Winona), and Miss Pauline Mitchell, a niece of Mrs. Clanton, whose home is in Blue Mountain, and who is a member of Charleston, Miss., faculty.

Miss Wilson, of Jackson, arrived Monday to begin her duties as secretary to Mr. Ralford Brown, Self Conservation officer.

Mesdames P. H. Youngblood, Duce Clark, and Dan Mims attended the football game at Copiah-Lincoln Junior College at Wesson the past weekend. Kenneth Youngblood, of Grenada, is on the football team.

Mrs. George Hall, of Washington, D. C., is visiting her sister, Mrs. J. J. Hardy. This is Mrs. Hall's first visit to Grenada in ten years.

Mr. and Mrs. "Skeet" Alexander and baby, of Memphis, are spending their vacation with their parents and grandparents, Mr. and Mrs. Ward Alexander and Mrs. C. C. Proving.

Miss Frankie Hitt spent the weekend with her parents in Slate Springs.

Mrs. R. M. McElwath and Miss Vay McElwath, of Mineral Wells, Miss., spent the weekend with Mrs. A. T. McElwath and family.

Miss Elizabeth Thomas, of Chicago, is at home for a visit with her parents, Mr. and Mrs. J. T. Thomas.

Friends of Mrs. Lena Elma Cheek will be interested to learn that she is teaching at Duck Hill this year.

Pvt. Clyde E. Horn of the Air Corps base at MacDill Field, Tampa, Fla., surprised his folks by a very brief visit Saturday night and Sunday. He came to Memphis on one of the large bombers, was met by his parents Saturday night, and was returned to Memphis Sunday at 2 o'clock for the take-off back "home" to Tampa. He looks like a soldier.

**BETTY BURKLEY HAS BIRTHDAY**  
Betty, the sweet little daughter of Mr. and Mrs. Harry Burkley, celebrated her second birthday on Saturday, September 13th, by inviting a group of little friends to a party at her home on Fairfield.

As the guests arrived much interest and delight was in evidence as gifts were opened and favors given and enjoyed. Novelty paper hats and color-

BETTY BURKLEY, 2

ful balls were the favors, and added much to the afternoon's pleasure.

Mrs. Burkley served delicious ice cream and "birthday" cake to the following guests: James Lawrence Harrison, Diana Dubard, Betty Isenburt, Martha Fay Williams, Joe Thompson, Mary Leigh Garner, Susette Cathey, Sandra Matthews, Clarice Townes, Merna Mistrot, "Bib" Sutton, Belle Fair Brown, Cynthia Dabney and the Scott twins.

Mrs. Edith Brown Hays left Wednesday for Yazoo City to assume her duties as teacher in the schools of that city. School opening at Yazoo City was delayed because of "polio" in that county.

Mrs. C. C. Waterman writes that she spent the day (Sept. 16) with her grandson at the University of Illinois at Champaign, Ill.

Miss Ruth Hunter, of Vicksburg, has been visiting friends and relatives here this week.

Mrs. Ralph King, of Monroe, arrived Monday afternoon for a visit with her mother, Mrs. Annie Jones.

Joe Thomas, Jr., left Sunday to enter junios class at Miss. State.

### Seen, Heard and Told By The Editor

Dr. C. K. Bailey has insured himself and members of his family of 12 more months of good reading matter.

George Grant used to get from 64 times the money that I got from him, but now I am getting \$1.50 per year from him and he is getting nothing from me. If he lives 300 years and takes the GCW all that time, we will be even.

The fair certainly has a good many nickel catchers.

Miss Etelle Dubard was the first of the college students to take advantage of our offer to send the GCW to students for the college term for one dollar.

Billy Semmes who is going to the A. & M. College this term will also receive the GCW.

Col. Hoffa returned from his Oxberry farm Friday tiring and fussing for he found a great deal of the boll weevil poison he had bought, stored away in cribs, barns and so forth. Some negroes just will not fool with poison. I found that out long ago.

The Presbyterian Auxiliary met in circle meetings Monday afternoon. Circle No. 1, of which Mrs. H. D. Lane is leader, met in the home of Mrs. Jack Townes. Mrs. Cowles Horton led the program study lesson following the devotional. Mrs. Townes served refreshments to the twenty-four members present.

Will Enderlin saw the sun rise Wednesday.

Nobody seems to be suffering very acutely for licker in Grenada.

(Adv.) **W. B. HOFFA**

# ROSS COLLINS ACTUAL RECORD BRANDS DOXEY CHARGES FALSE and MISLEADING . .

In published statements and advertisements, as well as in speeches, Wall Doxey has made the following false and misleading charges against the actual record in Congress of Hon. Ross Collins:

1. DOXEY HAS FALSELY CHARGED that Collins failed to support the Defense Program by not voting on a \$25 million dollar defense bill on February 15, 1939.

THE TRUTH IS that Collins helped to write this bill as a member of the Army Appropriation Committee, and that he was paired on the bill (which is voting) when it came before the House.  
(Feb. 15, 1939, Page 1441 Congressional Record, Volume 84, Part 2)

All busy Congressmen and Senators "Pair" their votes—this enables them to offset a vote on the other side and, at the same time, attend important committee meetings or handle matters of importance for the people they represent.

2. DOXEY HAS FALSELY CHARGED that Collins failed to support the Lease-Lend Program, by not voting on a 7 billion dollar appropriation for Lease-Lend purposes on March 19, 1941.

THE TRUTH IS that the Lease-Lend Bill, which provided legislative authority for all lease-lend appropriations passed the House on February 8, 1941, and Collins voted for it. Collins was at home sick in bed when the companion bill, an appropriation bill referred to, came before the House, but he had helped to write the bill in Committee, and voted for it there.  
(February 8, 1941, Page 849 Congressional Record, Volume 87, No. 23)

3. DOXEY HAS FALSELY CHARGED that Collins failed to vote for the 2-ocean Navy Appropriation Bill.

THE TRUTH IS that Collins was paired for this bill, which is a vote for it.  
(May 8, 1939, Page 5263 Congressional Record, Volume 84, Part 5)

4. DOXEY HAS FALSELY CHARGED that Collins failed to vote for the Panama Canal Defense Appropriation Bill.

THE TRUTH IS that Collins was paired on this bill, which is a vote for it. Collins helped to write this bill in Committee.  
(August 1, 1939, Page 10732 Congressional Record, Volume 84, Part 10)

5. DOXEY HAS FALSELY CHARGED that Collins failed to vote for the deportation of Harry Bridges.

THE TRUTH IS that Collins was paired and thus voted to expel Harry Bridges.  
(June 13, 1940, Page 8215, Congressional Record, Volume 86, Part 8)

In other words, Doxey has gone through the record of hundreds of votes taken in the House and whenever Mr. Collins was paired on a bill Doxey charged Collins with failure to vote—although Doxey well knows that a "Pair" is equivalent to a vote, and Doxey himself has been "Paired" on votes many times, as has every other member of Congress.

## HERE ARE FACTS THAT SPEAK FOR THEMSELVES

THE RECORD SHOWS that during the time Collins and Doxey have been in the House together,

COLLINS HAS OFFERED 61 AMENDMENTS on the Floor of the House, 41 of which have been adopted. Doxey has offered 2 amendments—one of which has been adopted.

COLLINS HAS 1506 PAGE-REFERENCES in the Congressional Record, against 461 for Doxey. This means that Collins has been 340% more active in proceedings before the House than has Doxey.

If anybody tries to trick you by showing you a Congressional Record which indicates that Collins did not vote on a certain bill, make him look on down the sheet to where pairs are listed. Make him show you the whole record—not just a part of it.

### INFORMAL RECEPTION IS HELD BY PARENT-TEACHER GROUP

(Mrs. W. W. W.)

Of interest here during the past week was the gay and colorful informal reception given at the Community House on Thursday evening, September 11th by the local organization of P. T. A. headed by Mrs. C. C. Richardson.

This organization's theme for 1941-42, "In Defense of Childhood" will be presented at each month's meeting in a most interesting program.

The September 11th meeting, a social, was planned by Mrs. E. L. Morrow, and the motto, successfully presented in Mrs. Richardson's welcoming address was "When we are working we are making a living. When we play we are making life."

At the October meeting a playlet under the title of "P. T. A. Clinic" will have as its theme, "Indifference is more deadly than antagonism". Mrs. Jay Gore is chairman of this meeting.

The Grenada P. T. A. is planning to have a membership drive in the

Harold Harris, of Meridian, visited his mother, Mrs. Thelma Harris this week.

### Captain Now

Former 1st Lieutenant  
JAMES M. McCORMICK

### With The H. D. Agent

The home demonstration club women of Grenada county held their Achievement program September 10th at the Agricultural building, this program was a summary of the work done in the major program Home Management, the feature unit being Planning and Arranging the farm kitchen for convenience.

The program: Singing led by Mrs. Sam Gillon; Invocation by Mrs. J. D. Edwards; Mrs. Bill Saunders called the roll by clubs with members and friends standing; Goals made and accomplished by club members, by Velma Neely, home demonstration agent; Best kitchen report, Mrs. E. L. Boteler; Best slip cover report, Mrs. W. N. Hayward; Club reports by leaders were, Chapel Hill, Mrs. H. V. Phillips; Friendship, Mrs. Nettie Aldridge; Sparta, Mrs. Grace Carver; Oxberry, Mrs. Don Moore; Kirkman, Mrs. Gus Hayward; Elliott, Mrs. Ward Boshers; Gore Springs, Mrs. Sam Gillon; Riverdale,

MRS. C. C. RICHARDSON

near future and it is well at this time to review the objects of this fine organization.

The P. T. A. was inspired by those who had as their object:

First: To promote the welfare of children and youth in home, school, church and community.

Second: To raise the standards of home life.

Third: To secure adequate laws for the care and protection of children and youths.

Fourth: To bring into closer relation the home and the school that parents and teachers may cooperate intelligently in the training of the child.

Fifth: To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education.

The following account of the reception Thursday night was written by Mrs. Hubbard, secretary of the P. T. A. Parents, many interested friends and the teachers of Grenada schools met Thursday, September 11, 7:45 p. m. at the Community House for the first meeting of the P. T. A. This informal gathering gave all an opportunity to get acquainted and spend a delightful evening together.

Miss Olivia Wilkins entertained at the piano while the guests were arriving. A radio had been secured, so the President's speech was heard. Then everyone stood and sang "God Bless America". Rev. G. E. Wiley thanked God for a free country and prayed that we may keep it thus and asked God's guidance for Congress and the President in this crisis.

Mrs. C. C. Richardson, this year's president of the P. T. A. welcomed the new teachers and the others who returned. She asked for hearty cooperation between the teachers and parents.

Mr. John Rundle introduced Miss Lizzie Horn as the "baby" of the faculty and the rest of the teachers with a word about each.

Miss Mary Elizabeth McNeill assisted by Mrs. E. L. Morrow had charge of the social hour. A very interesting and unusual "get acquainted" game was truly enjoyed. Other entertaining games were played by both teachers and parents. Delicious cookies and ice cream were served, and both parents and teachers returned home feeling they had spent an entertaining and profitable evening.

Appearing on the program of the annual bonfire honoring the Freshmen at Mary Hardin Baylor College, Sept. 13, was Miss Etelle Dubard, daughter of Mr. and Mrs. W. V. Dubard, of Dubard. She participated in a skit which was presented as the main feature of the program. Others appearing in the skit were Marcella McKee, Houston; Jo Joiner, Lott; and Martha Sue Taylor, Jefferson.

THE STATE OF MISSISSIPPI,  
To Mrs. Margie Crowe Brown, Enville, Tennessee:

You are summoned to appear before the Chancery Court of the County of Grenada in said State on the third Monday of October, A. D. 1941, to defend the suit No. 5471 in said Court of Elmer Brown, wherein you are a defendant.

This 17th day of September, A. D. 1941.  
(SEAL) J. P. PRESSGROVE,  
9-18, 25, 10-2-60w. Clerk.

Mrs. Bill Saunders. What the Home Management program has meant to me—Mrs. J. B. Cantrell. Awarding of certificates to leaders who attended 75 percent of the county leaders meetings throughout the year. Mrs. W. N. Hayward with 100 percent. Mrs. Monroe James, Mrs. Wayne Koonce, Mrs. Gus Hayward, Mrs. J. H. Cantrell, Mrs. J. V. Phillips, Mrs. Nettie Aldridge. What the Farm women can do for National Defense—Mrs. J. K. Avert. Remarks by Miss Olive Dowell, District Agent; Remarks by Miss Lorraine Ford, State Home Management Specialist.

Eighty-five women reported what they had done in the home management program during the year. 85 kitchens have been arranged for more convenience, 25 wall kitchen cabinets added, 15 sinks put in, 61 women refinished kitchen walls—papered, stained, shellacked, 53 kitchen floors refinished with linoleum or stained and waxed, 23 women making slip covers for chairs or davenport, 17 women keeping farm and home records, 19 wood boxes on legs put in kitchen, 41 women improved the lighting in kitchen, 48 women making kitchen curtains, and many other things reported in the kitchen work such as, windows and doors added and rearranged, screened kitchens, new work tables made, stoves turned around to have better light on cooking surface, labor saving devices added, water put in kitchen, new stoves and refrigerators added, pressure cookers added, kitchen floors repaired.

Slip cover making was a part of the home management program. Mrs. W. N. Hayward attended the slip cover demonstration held in Agricultural building in February and covered a chair, later she has made slip covers for her davenport which shows an excellent job. Her davenport was ready for a new dress to be discarded so

she took the time and patience to make the slip cover and is using it in her living room and took the price of a new davenport and added to installing an attic fan in the home. Pretty good business. We shall continue our kitchen improvements, this report is just the beginning of modernizing the kitchen for the Farm women in Grenada County.

## Seen, Heard and Told

By The Editor

V

Whether from actual reformation, or from the doctors' orders, John Bradley is living a mighty good life here lately.

One fellow reported that the boll weevils on his place had eaten all of the cotton and were seen chasing a rabbit to eat the rabbit's cotton tail.

Another reported that a bunch of boll weevils got on his steering wheel and offered to drive his car. Remonstrating with them, he told them that they could not drive a car. Replied the leader of the boll weevil band, "We have driven more cars back to the dealers than any other known agency." Bad but true.

Cordie Sue is going to get us to print her a placard to wear and have this wording, "I do not know when Bessie May is going to be married."

J. J. Orman Kimbrough of the Home Guard has been added to the non-department list.

Nobody killed on 51 South Saturday night, but a bad nigger was "tubbed" to death in West Ward.

Our guess that not more than 1,000 votes will be cast in Grenada county next Tuesday.

Soldier Henry Ray, Jr., and his fine little wife spent the week-end in Grenada, coming from their home in Camp Beuzegard. They finally took my advice to live together near camp.

There are so many ifs, ands, and buts in the regulations that many soldiers over 28 years of age will never be discharged until after the emergency passes.

Preacher T. B. Thrower would be surprised (or does he know Ed) if he knew what kind of tales Ed Underwood was telling Hurd Horton and me Sunday afternoon.

See us for your next printing order. We had enough work to keep Harry and Horn out of meanness Friday and Saturday. To it again.

We are now prepared to manufacture almost all kinds of duplicate and triplicate, numbered and bound, books, and have enjoyed a nice increase in that business.

Cousins Julius Townes and wife attended preaching Sunday. They certainly have a cute little baby.

Some sneak thief stole George Terrell's pants from under his pillow Wednesday night. He just had a penny in his pockets and the penny was dropped out on the floor. George will probably sleep in his pants the rest of his life.

Welcome back, Bulldog. You will save us writing so much of this kind of tripe.

Roosvelt certainly told the Axis power where to head in his most recent speech. We regretfully predict that he is going to have to back up his words with shells. In our opinion we will actually be at war within the next six weeks.

Revell is fixing to acquire some property that will be more trouble than a retail furniture business - a bunch of goats and guineas.

Mr. Wick Ransom, than whom there has never been a more generous, whole-hearted gentleman, visited his friends in Grenada Sunday and Monday. He was just as glad to see John Murphey, his old caretaker for the Model T, as he was to see the bank president. We are happy to report that he "is doing very well in his new home in Natchez."

Dear Whyte, Jr.: please let us know, as soon as possible, if you are going to stop over in Biloxi on your way back to Camp Bland as your mama and I want to be down there at that time.

I have mighty near got my favorite waitress business mixed up, but, remember, old wine is best.

We are getting out a better paper since the old lady came back from Chicago.

Somebody wanted me to see "The Model Wife" at the picture show Monday night. I have one of those.

We are sorry that we missed seeing our good friend, John James, of Bent Two, when he came in to renew Saturday. I was holding Federal Court at the time.

Do not forget to vote next Tuesday. Who you vote for is not my concern. I have quit fooling with these damned politicians. They lead only to grief.

### Southern Silhouettes

By HERBERT B. ALLEN

SENATOR WILLIAM A. WINTER

The city of Grenada is distinctive among communities in the Magnolia State in that it has, under its old and venerable charter, a greater freedom of action, and a larger measure of independence, than do those cities which operate under the modern charters now issued by the state.

That the independent spirit of this city, and this county, should be reflected in the independence of spirit of those whom we elect to important public offices is therefore most logical. And in the person of our distinguished State Senator, the Honorable William Aylmer Winter, we have an eminent example of that firm independence of thought and action in public officials that is dear to the hearts of Southerners.

Only those men who have held important public offices realize the difficulties which confront those men who exercise their unbiased judgment as to what is best for the community which they represent, and also is in the best interest of the state generally.

Conflict of opinion among their friends and supporters, and the pressure of these opinions upon them is great and constant. To withstand this pressure and influence and to vote in accordance with the dictates of their own judgment, requires a strength of purpose not always to be found among our elected representatives.

The dignity of bearing which distinguishes Senator Winter, and the strength of character evidenced by his features, stamp him as a man of unswerving integrity, marked tenacity of purpose, and as the possessor of the highest ideals of service to his fellow men. These characteristics have been amply demonstrated in his long record of service at the state capitol.

That such sterling qualities of character should be his distinguishing characteristic is by no means an accident. In the Winter family runs the finest blood of colonial America. The grand mother of Senator Winter's father was Catherine Washington, of the Virginia Washingtons; a member of the first president's family, and a contemporary who was near to him when he died.

Senator Winter was born in Grenada County, the son of William Winter and Amelia Fisher, both of whom were born in Yalobusha County. Mr. Winter's father served with distinction during the Civil War as a member of the famous cavalry brigade of the dashing General Forrest. He participated in the daring raid on Memphis during the federal occupation of that city, and was one of the cavalrymen who rode their horses into the lobby of the Gayoso Hotel to capture General Washburn who lived at the hotel, an incident now famous in Confederate annals.

Amelia Fisher came from a distinguished Virginia family. Her father was Judge E. S. Fisher of the Supreme Court of the State of Mississippi.

Senator Winter graduated from Iuka Normal Institute at the age of 19 with his bachelor's degree. He later married Miss Inez Parker, a member of a prominent Calhoun County family, and they have one son, William, now making a brilliant record at Ole Miss and destined for the bar.

Senator Winter's legislative career commenced when he was elected to the Legislature as representative in 1915, serving during the administration of Governor T. G. Bilbo. He was reelected in 1919 and served in the lower house until 1924.

There he was identified with the restoration of the old Capitol Building, with the erection of the Tuberculosis Sanitarium at Sunstortum, the Industrial Training School at Columbia, and with the drafting of legislation which created the State Highway Department in 1918.

In 1923 he was promoted to the State Senate where during the administration of Governor Whitfield he served as Chairman of the Agricultural Committee. There he had charge of the bill creating the State Forestry Commission. Another valuable piece of legislation enacted under his Chairmanship was the law which resulted in eradicating the cattle tick from Mississippi.

Senator Winter served as Senator during the Connor administration, 1932-1936, and is now serving in a similar capacity in the Johnson administration which ends in January, 1941, and is at present Chairman of the Committee on Agriculture.

During his long service, Senator Winter has given particular attention to the needs of the young, the aged and the unfortunate members of society. His influence has long been exercised in support of educational progress in Mississippi, to provide liberally for adequate institutions to house the deaf, the blind, the mentally infirm, the errant members of society, and for the provision of old age pensions for our senior citizens.

Realizing fully that agriculture and industry have been becoming rapidly less profitable in Mississippi, and that

as a result the taxable wealth of this state is gradually melting away, he has voted conservatively in respect to taxation, and has striven to keep the budget within reasonable bounds.

One exception to this record came during the last session of the legisla-

STATE SENATOR

HON. W. A. WINTER

ture, when he reluctantly voted to increase taxes in the upper brackets of the state income tax law. Special and compelling reasons dictated his decision on that occasion.

Legislation had already passed both Houses with the object of putting in to effect the Governor's pledge of free school books. In the state institutions an emergency was created by reason of a large increase in the number of inmates for whom no accommodation was available. But he did vote against any increase in State aid to the tax.

These conditions created a situation which no Senator, animated by charitable Christian principles, could ignore. Senator Winter voted, in the light of the facts made clear to the Senate, according to the dictates of his conscience, and he is to be warmly commended for his affirmative vote.

Born and raised in an agricultural region, Senator Winter has seen the transition of Mississippi from a cotton, corn and timber economy to one in which there is a vital need for diversification of agriculture, and creation of new industries to provide employment for large numbers of our citizens and to improve our standards of living considerably above current average levels.

Incidentally Senator Winter is one of the comparatively few men in Grenada County who now hold the land originally granted to their ancestors by the government in pioneer times. The land patent on his present home was granted by President Van Buren in 1840.

He has been one of the foremost advocates in the Senate of a Workman's Compensation Act—for Mississippi is the only state in the union without such legislation. Such a law is also utterly essential to make Mississippi safe for the investment of capital necessary for its industrial development. The refusal to enact such an act has been a great detriment to the state by discouraging investments in Mississippi.

In response to a request for his views as to what legislation and action he considered necessary to advance the interests of this state, Senator Winter declared, "I believe in the

Drink Coca-Cola  
Grenada Coca Cola  
Bottling Co.  
GRENADA, MISS.

immediate need for more industries in Mississippi in order to provide more work for those who are ready and willing to work, and for whom there is no present employment in Mississippi. The state income from both agriculture and industry is steadily decreasing and means of reversing this trend, must be found.

One of the principal obstacles in the path of attracting more industry into this state is the absence of a Workman's Compensation Act which would protect employers against ruinous damage suits and at the same time guarantee to injured workmen an equitable and speedy settlement of their claims.

In the past I have consistently advocated and supported all legislation designed to promote and stimulate industrial development in this state, and I intend to continue to do so in the future.

In agriculture, it is obvious to any thinking persons that the time has come when we no longer can delay the diversification of cash crops in Grenada County. The income from cotton has now dwindled to the point where there is no return on either the investment in land, nor on the expense of planting, cultivating and harvesting the crop. Diversification has been profitable elsewhere—and it would be equally profitable here in Grenada County.

It is imperative that new crops be introduced, and every agency of the county, state and federal government should encourage a program with this desirable object in view."

The imminent danger that this nation faces is sinking of so slowly into the hands of our people. Too many of them yet regard the whole business as a lark. What would they think if they were a part of the 300,000 Russian-Germans who are being moved 2,000 miles from the Volga Valley to some place in Siberia? This is perhaps the greatest forced massed migration in the world's history. It will be remarkable if 100,000 persons reach their destination. Bleached bones will make forever the trail taken by these people.

Ain't they sweet

### President of Geo. Washington University Praises Collins

### Eddie Bryant Killed Saturday Night

September 10, 1941

My Dear Dr. Hill:

It has come to my attention that Representative Ross A. Collins is a candidate for United States Senator. I am interested in him as a friend and as a public servant. Without his knowledge of it, I am taking the liberty of writing to you about him.

I became acquainted with Mr. Collins when he was helping in Congress with some problems which affected all universities and colleges. It was he who was finally instrumental in putting through legislation which provided the protection which we desired.

Ross Collins was almost solely responsible for the development of the municipal hospital system in Washington. When he was Chairman of the District of Columbia Appropriations Sub-committee, he urged the hospital officers to carry out a highly constructive program. Thus, he is a leader not only in the field of education and higher learning, but in the field of medicine. He is especially interested in the private practice of medicine and hospitalization. You know what his place is on the Military Affairs Committee. I know of, and mention to you, his unselfishness as far as public service is concerned.

I feel that I can call these facts to your attention without reflecting in any way upon other candidates for the office which he desires.

CLOYD H. MARVIN, President

Eddie Bryant, colored, was killed with a knife by his brother-in-law, Jack Evans, Saturday night in West Ward. According to officers, the slain man had been in frequent scrapes, that his wife was then in the hospital as a result of wounds recently inflicted by Eddie, and that the slaying of Bryant was the culmination of this family trouble.

#### RESOLUTIONS OF RESPECT

WHEREAS God, in His infinite wisdom, has seen fit to take from us the soul of our devoted member, Mrs. W. S. P. Doty, and

WHEREAS her wise counsel and advice will be sorely missed at our meetings, and

WHEREAS Mrs. Doty, even when her bodily strength was failing rapidly, never lost interest in the work of our auxiliary.

BE IT THEREFORE RESOLVED by the Woman's Auxiliary of All Saints Episcopal Church of Grenada, Mississippi, that we express to her family our deep and sincere regret about her passing, that a copy of these resolutions be spread upon the minutes of this auxiliary and a copy be furnished to the press.

Done this 8th day of September, 1941.

Elizabeth Moore Gerard,  
Chairman Resolution Committee  
All Saints Episcopal Auxiliary

Ordered that the board adjourn to meet August 18, 1941, at 7:30 p. m. Council adjourned.

## Election Officers Appointed For September 23rd

The County Election Commission composed of S. H. Horton, E. Underwood and W. W. Whitaker, has named the following officers to hold the General Election on September 23, 1941. The first named is the Returning Officer, the next two named are the judges, the next two are the clerks and the sixth named is the bailiff.

**WEST WARD, GRENADA:** W. R. Todd, Mrs. S. H. Horton, E. Underwood, Mrs. Ernestine Martin, Mrs. Eva Baker, J. L. Townes.

**EAST WARD, GRENADA:** Mrs. Cecil Penn, Mrs. Vernon Williams, Mrs. W. W. Odum, A. F. Bailey, J. L. Milner, Archie Thompson.

**ELIJAH:** Bob Carpenter, William Abels, Lewis Reid, Mrs. J. W. Jordan, Mrs. Raymond Lovin, J. E. Ratliff.

**THE PLANT:** Miss Margaret Hardy, E. M. Moore, Barney Echols, Mrs. Chas. Perry, Mrs. J. J. Nichols, J. B. Morris.

**GOVE SPRINGS:** Guy Fite, W. B. Roak, Tommie Morman, Mrs. Sam Gilson, Mrs. Martin Trussell, Jno. Tharpe.

**PROVIDENCE:** DeWitt Bakeley, Ed Bowen, Jepp Hemphill, Mrs. J. E. Carpenter, W. D. Worsham, Pass Abel.

**PLEASANT GROVE:** H. V. Phillips, Griffith Shaw, C. A. Doolittle, Miss Gretel Childs, Mrs. G. S. Wood, John James.

**GRAYSPORT:** Henry Marler, Rogers Parker, John Weir, Miss Fannie Lee Parker, Mrs. W. S. Willis, Jim Rose.

**SPLEARS:** Will Criss, Will Hendricks, Miss Katherine Williams, Henry Willis, Wes Mahan, Tom Spears.

**KIRKMAN:** W. V. Horton, H. H. Sims, M. O. McCormick, Paul Phillips, Mrs. Ed McCormick, Pink Horton.

**MT. NEBO:** Mrs. Carey Cook, Robert Clark, Jack Gray, C. S. Burke, Miss Betty Carter, E. J. Cook.

**HARLEY:** Mrs. W. E. Smith, Guy Smart, Joe Mitchell, Mrs. Mary G. J. Mrs. M. S. Tishman, Jack Thompson.

**PEARLDGE:** Mrs. Jim Thompson, Frank Thomas, C. V. Howell, Mrs. Ethel Thompson, Mrs. H. F. Carpenter, L. G. Rounselle.

**GREENLIN:** Mrs. W. A. Winter, Chas. Bennett, T. H. Meek, Mrs. T. M. Oulise, Mrs. W. H. Saunders, W. H. Gentry.

**HOLCOMB:** Mrs. Hortense Matthews, Whit Singler, Dot Hayden, Mrs. Paul Hayden, Mrs. W. H. Martin, J. J. Gee.

**ONBERRY:** Mrs. Eva Staten, John Simmons, Will O'Bryan, Freddie Little, O. M. Holland, Verena Massey.

The following proposed amendment to the Charter of this City was introduced and adopted by the affirmative vote thereof of all the Aldermen present, to-wit: Aldermen C. S. Burt, J. D. Moss, J. B. Horn, C. H. Burkley, C. A. Perry, Alderman L. D. Boone being absent and not voting.

Ordered by the Board that the Charter of this City be amended by incorporating therein the following provision:

The board shall have the right, in its discretion, to use the net revenues of the water system and surplus of the Water Fund of the City for any lawful municipal purpose and, from time to time, pay over from the Water Fund into any other fund of the City such portions thereof as may be deemed advisable.

Ordered further that this order be published for three weeks in a newspaper published in this City as provided by law.

Attest, Approved, W. Y. WEST, Recorder, R. W. SHARP, Mayor.

9-11, 18, 25-155w.

Bill Conger, attorney of Winona, was in Grenada Saturday. His greatest virtue is that of persistence. If Roosevelt declared war, Bill Conger could write him enough letters and talk to him so much and so earnestly that Roosevelt would cry for peace not only with the enemy from ours but from Bill.

Some of the members of my family visited our old friends, the Aaron Hudson family on Black Hawk Sunday.

## TREASURY DEPARTMENT, Office of District Supervisor, Alcohol Tax Unit, Bureau of Internal Revenue, New Orleans, Louisiana, Date of first publication, September 11, 1941. Notice is hereby given that on August 9, 1941, one 1933 Chevrolet Sedan, Motor No. 3585874, with accessories, was seized in Marshall County, Mississippi, for violation of the Internal Revenue Laws, to-wit: Section 3321, Internal Revenue Code. Any person claiming an interest in said property must appear at the office of Investigator in Charge, Alcohol Tax Unit, 1002 Depository Bank Building, Jackson, Mississippi, and file claim and cost bond as provided by Section 3723, Internal Revenue Code, on or before October 13, 1941; otherwise the property will be disposed of according to law, S. N. Collier.

## NOTICE OF THE COUNTY SCHOOL BOARD MEETING

Notice is hereby given that the County School Board of Grenada County, Mississippi, will meet in the office of the county superintendent on the seventh day of October, 1941, at 9 o'clock a. m., for the purpose of opening and considering bids on one new or used 1941 model ton and a half, 158 inch wheel base, dual rear wheel, Ford, Chevrolet, Dodge or International truck or any other new or used 1941 model make of truck equivalent in value to either of the foregoing makes of trucks; and one new 1941 model 18 foot custom built school bus body with all seats running lengthwise of the body, equipped properly to meet the requirements of the Mississippi School Laws.

The right to reject any and all bids is hereby reserved.

Respectfully submitted, Sam J. Simmons, Jr., County Supt. Educ.

College Students GO BY BUS

Most students have to watch their pennies. Mother and father have saved for years to enable them to go to college. They appreciate what a college education means when they go home for the holidays or attend the games. They know that they can go via Tri-State for much less than any other way. And they enjoy going in a group together. Join in the fun this year by traveling the Tri-State way.

## HOLCOMB NEWS

Our school opened here the first Monday. Everyone seems to be enjoying "working?" It puts "new life" into things when we see our boys and girls and young people enter into another year's work. Our faculty is composed of Mr. A. Y. McBride, Supt., Miss Helen McKinnon, from Kosciusko, Miss Ruth Barrett, from Shekunka, Miss Sidney Rice, Mrs. Hattie Singleton, Mrs. Sallie Worsham, Mrs. Lamar Norris, Mrs. Sidney Martin, Holcomb, Mrs. Gully, Miss Brown and Mrs. Carpenter, from Grenada, Mr. G. O. Sand-

ford of New Albany and Miss Mary Rounsaville, of Grenada. A gymnasium is being constructed of which the school is very proud.

Miss Corine Perry and Mrs. E. L. Rawles, of Starkville, visited in the home of Mr. and Mrs. E. D. Holcomb this week.

Mr. and Mrs. C. H. Crews and Mr. Columbus Hall, of Water Valley, spent Sunday afternoon with Mr. and Mrs. Howard Hall.

Mr. and Mrs. Charles Perry and sons, Charles, Jr., and James visited relatives in Holcomb Sunday afternoon.

Mr. and Mrs. Ralph Minyard, from Tutwiler, spent the week-end with their parents.

Miss Loyce Norris left Wednesday for Gu'port, where she will teach this session.

Mr. and Mrs. Earl Hill and son, of Duckery, visited in the home of Dr. and Mrs. A. S. Hill Tuesday.

Rufus Tindal, from Camp Blanding, is visiting his mother.

Morris Knight, who has been in a C. C. C. camp in Washington State, is spending a few days with his mother.

Mrs. Ed Gee is visiting her son and wife in Grenada this week.

Mr. H. K. McMahan, who is now serving as railroad agent at Carter, Miss., spent the week-end at home.

Mrs. H. K. McMahan accompanied by Misses Rounsaville and Barrett, spent Sunday in Greenwood with Mrs. McMahan's parents. Her father has recently suffered a second paralytic stroke. We are glad to state he is improving.

Mr. Robert Carver has accepted a position in Montgomery, Ala.

Mr. Richard Carver is now working in Hernando, measuring cotton acreage.

Miss Ellis Hudson, of Coldwater, has recently spent two weeks with her sister, Mrs. A. W. Bailey.

The prayer meetings are now consolidated, meeting in the Baptist

church, one week and the Methodist Church the next. Everyone please take note of this and try to attend regularly and help make our prayer meetings very interesting and helpful in every way.

Miss Mary Ethel Scott left last Monday for school at M. S. C. W.

Miss Nellie Quinn Hayden is now in Naxapater, where she is teaching music in the school there.

Miss Lucy B. Hammons has returned for the second year to teach in the Okolona school.

Rev. A. W. Bailey attended the preacher's meeting last Tuesday at Sardis.

The W. S. C. S. met Monday afternoon at Mrs. Carmel Norris' with ten members present and Rev. Bailey as guest. The Sarritt College program was presented very interestingly. Two archways with these words "Attempt Great Things For God" and "And Expect Great Things For God" were used in the program. At the close of the program a collection was taken. Mrs. R. A. McRee enrolled as a Sarritt associate. The next third Monday program will be given out at Mr. "Scruggs' well" after which a picnic lunch and social hour will be enjoyed. Every member please attend.

## GORE SPRINGS NEWS

Mrs. T. P. Haile and Messrs. J. S. Haile and T. J. Tharpe visited in Durant Sunday afternoon. Mrs. Haile remained for a few days with her sick relatives.

Miss Jettie Trussell returned home Saturday after a few weeks visit in Coffeeville.

We are glad to report Daddy Gillon better known as Sam, is improving.

Rev. Mr. McKibben, of Duck Hill, filled his regular appointment at Gore Springs Sunday.

Mrs. J. E. Tharpe of Grenada was the guest of Mrs. Earl Tharpe last week.

Mr. G. E. Chamberlain, Mr. Earl Tharpe and others who are road workers. The writer does not know just who enjoyed a trip to Jackson Thursday and Friday and all returned home to our surprise.

Mr. and Mrs. Homer Trussell and son, Homer Dale, spent Sunday in Webster County with friends and relatives.

GORE SPRINGS H. D. CLUB MET SEPT. 11.

The Women's Home Demonstration Club held its regular monthly meeting Thursday, September 11th with 20 members and 17 visitors present. Meeting was called to order by singing after which roll was called and minutes read. Then Mrs. Guy James in her pleasing manner introduced the speakers. First was Mrs. J. K. Ament, of Grenada, who in her charming manner discussed community cooperation which sank deep into the hearts of every listener. Following was a talk by Prof. Eugene McGahey on Gore Springs school and its financial needs and on the defense program. Then Misses Emma Carl Juchheim and Grace Pryor played two piano and violin solos. The president Mrs. Gene Gillon took charge and new officers were elected for the coming year which were as follows: President, Mrs. Gene Gillon, Vice-president, Mrs. George Chamberlain, Secretary, Mrs. Annie Tharpe, Mrs. Jessie Shaw then rendered several solos on the piano. There were several visitors from Graysport and Chapel Hill H. D. Clubs and two distinguished guests from Grenada, Mesdames J. K. Ament and R. A. Clanton. Meeting adjourned.

# The Record Speaks Again

**Compare The Vote** of the two Candidates for United States Senator **On CCC Camps**

AS REFLECTED BY THE CONGRESSIONAL RECORD

(Pages 4432 and 4433, Volume 21, Part 4)

On April 16, 1937, President Roosevelt in a letter to the Congress recommended and urged the enactment of legislation making PERMANENT THE CIVILIAN CONSERVATION CORPS (CCC Camps).

President Roosevelt in his message said "You are acquainted with the physical improvements that have taken place in our national parks, as a result of the activities of the corps. More important than the material gain, however, is the IMPROVEMENT WE FIND IN THE MENTAL AND PHYSICAL WELL BEING OF OUR CITIZENS WHO HAVE BEEN ENROLLED IN THE CORPS AND OF THEIR FAMILIES WHO HAVE BEEN ASSISTED BY MONTHLY ALLOTMENTS OF PAY. The amount that provision be made for A PERMANENT CORPS OF BOYS AND GIRLS (AND WAR VETERANS)".

On May 12, 1937 the bill containing the recommendation of President Roosevelt to make the CCC camps a permanent organization was voted on in the House.

The bill passed 389 to 7.

TWO DEMOCRATS and five Republicans voted AGAINST the President's recommendation.

ROSS COLLINS of the Fifth Congressional District of Mississippi was one of the two Democrats voting AGAINST the bill.

WALL DOXEY along with every other member of the Mississippi House Delegation, (with the EXCEPTION of Ross Collins) voted YES.

Woe, Woe to Ross Collins, that he cast his vote against such a fine and vital bill as this. The conservation of our youth and the work of the CCC camps is paying great dividends to America today. WALL DOXEY VOTED NO.

**Go To The Polls Tuesday, September 23**

**VOTE FOR WALL DOXEY**

HE WILL MAKE MISSISSIPPI AN ABLE UNITED STATES SENATOR

Hear Wall Doxey over a state-wide radio hookup Monday night, Sept. 22, at 7:30 o'clock

## WHICH OFFER WOULD You ACCEPT?

OF COURSE you'd balk at paying the same in rent as you would be required to pay to own a house... yet that's exactly what you are doing when you rent a home! No landlord is foolish enough to advertise the fact that his tenant is paying for the house... plus a reasonable profit for himself!

As little as ten percent down and monthly payments of \$25 or more will pay for a home that is larger and more luxurious than a house you can rent for the same money... and rents may go up.

Why not come in and ask us about the ease in which you can borrow to build a new home... and the ease with which you can pay the money back.

## Farm Bureau Trying To Increase Farm Income

"Organized agriculture has increased the price of cotton \$25 a bale," stated Mr. Groce Carter, president of the Grenada County Farm Bureau. "This was done simply because an organized group of farmers pointed out to governmental leaders the existing disparity of income among the various groups of the nation; and then the organized group of farmers worked with congressional leaders for the passage of legislation providing high crop loans."

"The idea of increasing farm income by a high crop loan originated in Mississippi," continued the local Farm Bureau president. "It was first acted on at the Meridian meeting of the Mississippi Farm Bureau in 1930. A year later the American Farm Bureau adopted a resolution in Baltimore advocating an 80 percent parity loan on the basic crops."

"The story from here on is well known to all who keep posted on farm affairs. The Farm Bureau, working with farm leaders in Congress, worked for the passage of a high loan bill, and despite opposition from the department of agriculture, and many other successful in obtaining the passage of a bill providing a minimum of 80 percent parity loan on cotton and other basic crops. The loan value of cotton for the 1941 crop is about \$25 per bale higher than that for the 1940 crop—all as a result of action by organized agriculture."

"Organized agriculture," concluded Mr. Carter, "assisted in obtaining parity payment appropriations, cotton crop insurance, price fixing of not less than 10 percent parity for agricultural products, retaining government-owned cotton from the markets, and much other legislation beneficial to the farmers and to the State of Mississippi."

"It was also pointed out that whereas the value of the 1940 cotton crop in Mississippi was only 70 million dollars, prospects are that the 1941 crop will be worth over \$100,000,000—thank to organized agriculture."

ROSEBLOOM NEWS

Farmers here are just busy gathering their crop. The cotton crop is real short.

Mr. Homer Carpenter, of Scotland, passed through here en route to visit his sister, Mrs. H. R. Carpenter, of near Charleston who is 84 years old.

Mrs. George Lane is expecting her daughter, Mrs. W. H. Arnold, of Scotland, Ala., for a visit soon.

Our school is progressing well under the management of Mrs. Miller Bloodworth.

Several from here will attend the carnival in Grenada this week.

Our news notes are being in short this week due to the current about being away at the bedside of her sick mother. We hope for a better column next week.

## Quiz

1. What great diamond weighs 287½ carats?

#### HERE IS THE VOTE ON

#### MATTERS AFFECTING OUR ARMY

On May 19, 1932, an amendment was offered to the War Department's appropriation bill seeking to increase the appropriation for the RESERVE OFFICERS TRAINING CORPS. The amendment was adopted 236 to 151.

(Page 10714, Congressional Record, Volume 75, Part 10)

On May 19, 1932, an amendment was offered to the War Department's appropriation bill, seeking to increase the appropriation to THE CITIZENS MILITARY TRAINING CAMP. The amendment was adopted 243 to 141.

(Page 10715, Congressional Record, Volume 75, Part 10)

On January 4, 1933, an amendment was offered to the War Department's appropriation bill seeking to increase the appropriation for ORGANIZED RESERVE CORPS. The amendment was adopted 207 to 156.

(Pages 2442 and 2443, Congressional Record, Volume 76, Part 3)

(Ross Collins, the man who in 1941 is making a futile attempt to mislead the people into believing that for 15 years he has been making a single-handed fight for national defense is the same Ross Collins who was chairman of the sub-committee which REDUCED the WAR DEPARTMENT'S recommended APPROPRIATIONS to such an extent that the three above amendments had to be introduced from the floor of the House.)

#### HERE IS THE VOTE ON

#### MATTERS AFFECTING OUR NAVY

On March 21, 1938, the House passed a bill by the vote of 294 to 100 authorizing the spending of \$1,120,000,000 to increase the strength of the Navy by 20 per cent.

The bill provided for the building of three battleships, 2 aircraft carriers, 9 cruisers, 23 destroyers, 9 submarines, 5 destroyer tenders, 3 submarine tenders, 11 seaplane tenders, 3 repair ships and hundreds of planes.

This bill was passed three years ago and Ross Collins voted NO. Wall Doxey voted YES.

(Page 3675, Congressional Record, Volume 63, Part 4)

On May 8, 1939, the House voted to appropriate \$770,473,241 for the NAVY DEPARTMENT and NAVAL SERVICE to aid in building a two ocean Navy. On this vital legislation Ross Collins doesn't show his position on the bill through the Congressional Record.

## THE FIRST DAY OF SCHOOL.

Here we are back at school. Belts are tapping; frightened freshmen are scurrying around trying to look as dignified as the seniors; teachers are trying to make children understand; Mr. Rundle is beaming because school has reopened. Everything is the same as we left it last year, except there are several new teachers. They will be pointed out and stared at until everyone becomes used to them. It always happens when there is a new member on the faculty.

No one knows where to sit; so it is not uncommon to see everyone staggering around with "gobs" of books in his arms and rushing through the crowded corridors. The most common sentences used lately among the student body are "What're you taking this year?" and "What did you do this summer?" The most frequent words used by the physics class and algebra 2 members are "I just don't get it—do you?"

Although almost everyone says that he hates to go back to school, he really is glad that it has started again. The usual routine of summer has become monotonous and school will certainly keep us busy for the next nine months and destroy all monotony.

## COMPLETE STAFF TO BE NAMED NEXT WEEK

The personnel of the high school section of the G. C. W. will be completed and announced next week. Caroline Whitaker, member of the class of 1940 and last year's "Bulldog Staff," will be one of the editors. Mildred Moss and Camille Lou Hunter will be responsible for typing the news.

It will be the purpose of the staff to give an accurate and interesting account of the activities, personalities, and departments of the high school.

Though scant this week, the school news will hereafter flow more plentiful.

## FIRST ASSEMBLY

The first regular assembly met Wednesday morning at 10:20. At the first of the program patriotic songs and "The Lord's Prayer" were sung.

Mr. Rundle read the scripture and made a brief talk. One of the points he brought out was the fact that if a person has enough will power he will probably succeed. The scripture for his comments was "Sees thou a man diligent in business, he shall stand before kings."

## SENIORS ELECT PRESIDENT

The highest honor that may be conferred on a senior is to be president of his class. This year that honor and responsibility rests on James Thomas. James won over Benton Keeton and Leon Provine. Benton Keeton, last year's president of the Junior Class and one who, in our opinion, did a mighty good job, handed over his position to James at a class meeting Thursday. At the same meeting Mary Lou Cullen was elected vice-president and Nellie Joiner was elected secretary and treasurer. Miss Lucille Pierce is sponsor for this class.

## PRESENTING OUR NEW FACULTY MEMBERS

Miss Lyons, our new librarian, comes to us from Marian High School at Jasper, Tenn. She will be glad to help anyone with references work in the library. Miss Lyons fills the position held by Miss Matheson last year. She will also be a coach of the girls' basketball squad this year.

Miss Waller, who is taking Mr. Watson's place in the commercial department, taught at Smithdale last year.

Miss Tyler comes to us from Dyersburg where she taught last year. She fills the position in the commercial department formerly held by Miss Shows.

This is Miss Windham's first year to teach. She is the new Biology and Home Economics teacher, who received her B. S. degree at Mississippi Southern College at Hattiesburg. Mr. Norsworthy, the new coordinator, will be introduced next week.

## ON BEING A SENIOR

Well, I thought when I got to be seventeen and a senior in high school, I'd have the feeling of a "saw" and "big shot." After eleven years of school work, I have entered the senior class.

without that "big shot" feeling. Maybe I'm abnormal, because I don't feel as if I could rule the world and order all the freshmen, Sophs and Juniors around.

## G. H. S. DIRT

We'll call this the "Dirt" column until we get a better name for it. From the looks of things this week there won't be much to talk about.

Congratulations to the new senior class officers!

Sophomore Buddie Arent, Gilles Parry, and Lynn Richardson got lost the other night. We're sure any fellow member would be glad to give them a road map.

Jack McKelvey, Allen Johnny Mitchell, "Moose" Gary from Greenwood.

Everyone is looking forward to the football game Friday night. Be sure to come out.

They are already looking forward to the assembly. The reason: They (the Jean Geeslin) are trying to get up a dance.

Those on the mourner's bench this week are: Miss Arent, Buddie Arent, Gilles Parry, and Lynn Richardson. We have our own idea about who the chief mourner is.

We'll be back more next week.

## Seen, Heard and Told By The Editor

Then if Dr. Bailey did pay his subscription, I never expect to let him pull another tooth for me—for very obvious reasons.

Ask Hild Horton for the specifications for a good bear dog.

Sax Weir, Jr., who is in the Defense School at Jackson, spent Sunday with home folks.

2-spot Clark is getting quite classy as he has a big bus now.

Some of Mrs. Rose's folks from Little Texas visited her Sunday.

Immediately after voting to declare war to send your boy and my boy into the trenches, we think that the young, vigorous members of Congress should immediately volunteer their services. Let them take the medicine they prescribe for others.

As a contribution to the success of the race meet this week, Chas. Perry got out 500 postal cards to the customers of the North Mississippi Sales Company. The first paragraph of his message was devoted to urging attendance upon the races, and the remainder part to the business of the N. M. S. Co.

Dorothy, our subscription manager, caught Andrew Crockett in the drug net out for 42¢ in quarter members.

## NEWS AND VIEWS OF THE YOUNGER SET

By The Three Listen-ers

School Days! School Days! Da da da da da! Most of the younger set knows that school has started—the rest will, probably find it out by the end of September. Not that we all love to get up at 7:30, it won't be so bad.

Mazie from Texas (do let's be definite) caused quite a sensation around town. She stayed at the Barwin with her uncle.

Johnny Scott from Commerce Texas has been blessing Grenada with his presence this week.

Mary Lou and Beebe's cousin from Oxford is spending the week here. Her name is Frances Cullen and is strictly good looking.

Well here comes the big news scoop! Brace yourself and prepare for a shock . . . St. Lou of Avest Shack has stepped out with Jay of Buick (white wall tires and accessories) fame.

Berta Allan has many ardent admirers. The most important one is—well we won't say as it might be an insult to the party of the first part.

Bill White from Memphis is visiting his aunt, Mrs. S. H. Gagner on Sulder Street. He was seen out with A. K. Allan.

There has been a reconciliation after a reconsideration in the Keeton-Geeslin (per Usual).

The very gallant Dee Kemp from Calhoun City has dashed over twice here lately to date Lil York. More power to him.

Jean Geeslin dated Johnny Mitchell recently. Ah-ah—don't you know that's verboten on school-mates.

Katy and Camilla got off to Woods Junior College Monday. We send them our sympathy.

There seems to have been a make-up between Jackie and Cliff. He was seen squinting her to the show Tuesday nite.

During the scene of the worst bullfight in the show Tuesday nite, that bright Keeton boy said in a loud voice, "I'd rather stick to the match game."

The third Listen-er is "Yolood". The other two are "Hoodi-Yo" think?

Kathleen Singleton from Holcomb, spent a few days with her friend, Sue Rowell and gave the local boys a break.

Billy Goree and Mary Lib are on the "out and outs."

With the aid of the Draft Board and the various colleges and universities, Grenada is doomed to be a ghost town.

Miss B. Cullen was "took" to the show Tuesday nite by "Cowboy" Larry Noble.

We just got smell of the fact that Woods Winter and of Beat Four and Frances Davis of Tie Plant had a kinda liking each other.

!!!  
Til Cat Island has kittens.  
The Listen-ers.

## With The County Agent

Mr. Raiford Brown has moved his Soil Conservation Service headquarters to Grenada.

Many of our farmers should see the boll weevil poisoning demonstration on Miles Smith's farm. The cotton he poisoned will make one-half bale per acre, while the fields that were not treated will not have to be picked.

Bill Saunders has sold his grade sheep and plans to buy a registered flock. He believes many of our farmers will grow sheep in the future. Mr. R. E. Currie, a pasture specialist from State College reports that Mr. Saunders has one of the best pastures in Mississippi.

Gus Hayward, manager of our "Power Terracing Unit" reports that he is working on the farm of T. H. Moore at Elliott. He has work planned on the farms of the Olson Estate, J. A. Thomas, W. E. Boushe, and T. T. Hayward. From there he is working toward the Gore Springs community.

Groce Carver, president of our County Farm Bureau has arranged a district Farm Bureau meeting for Grenada and adjoining counties at the Courthouse on Monday, September 22. All of our farmers are welcome to attend this important meeting. Mr. Carver states that Farm Bureau gave us cotton parity payments and the 85 percent parity loan.

The Kraft Farms, Quinau Milk Products Co., and Dyre-Kent Drug Co. have been designated to sell tickets to the National Dairy Show to be held in Memphis October 11-13 at one-half price. The price of the tickets are 25c and all of our farmers that are interested in dairy cows should plan to attend this national dairy show.

Introduced our new veterinarian Dr. Long to Beat Five as we visited the farms of Luther Harris and Paul Hayden.

Perkins and Glen Boyle have bought a "combine" and plan to harvest seed crops for their neighbors.

Mr. R. W. Hays, County AAA Administrator, reports that approximately \$20,000.00 in cotton stamps have been issued 1200 cotton producers to date. Total stamps to be issued in the county will be \$27,000.00. He expects to have all the stamps issued within the next ten days.

## FISH STORY, WITH MORAL

There isn't much that can be said About a fish except that, dead, And on a plate that's served to me I often wish it back at sea; Yet tho my wistful appetite Be balked by bones at every bite, I struggle on, as God may wish To teach me patience eating fish. "But if a wish to make, I'd still wish fish back in the lake!" Quizziens.

Book-buying seasons has started again.

## The Grenada Churches

By HERBERT R. ALLEN

All of the glories of early autumn were at their brilliant best in Grenada on Sunday morning, and this evidently inspired many Grenadians with the laudable desire to gather for worship in our local churches.

Men, like materials, are known by the quality of their fibre. Cotton is graded in Mississippi according to the length, strength and quality of its fibre. Men in Mississippi ministry are graded according to the strength of their faith, and the quality of their stewardship in the service of our Lord.

It is always a matter of particular pride to veterans to witness the constructive activities of fellow veterans in the community. T. B. Thrower, pastor of the Grenada Methodist Church, affectionately known as "Tee-bone" among his circle of intimate friends, is a veteran, a gentleman, and a thorough going believer in the reality of Jesus of Nazareth.

Therefore he speaks on those things nearest to the heart of Christians with a deep sincerity, and an earnest conviction, which impart to his sermons a forcefulness that could spring from no other source.

The core and the essence of Christianity is simply and solely the plain matter of FAITH. Mr. Thrower spoke on faith as only those may speak who have, in their hearts and in their minds, an exact knowledge of faith that is born of personal experience with its transforming power and realism.

Two graphic examples of faith, one taken from the Bible times and another from the modern world, were excellently portrayed. Taking a dollar bill, Mr. Thrower depicted our implicit faith in its value, as we never stop to question the existence of the silver deposited in the United States Treasury which a silver dollar represents.

He contrasted our faith in material things with our faltering faith in spiritual matters, as it was exemplified by Peter, when the Lord beckoned him to walk on the waters.

Just so long as Peter kept his eyes on the Master, Peter was sustained by his implicit faith in Christ. But when he cast his eyes on the material substance of water and the elements of this world, he commenced to sink.

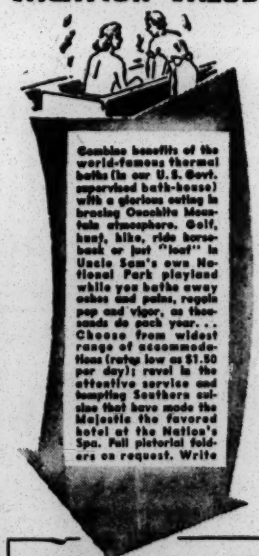

## ANSWER TO QUIZ

1. Job: 19:20.
2. Romeo Montague and Juliet Capulet.
3. Chow Dogs.
4. Saw Horse, Sea Horse, Clothes Horse.
5. Yes, he owned a set of the 3rd edition.
6. Warring G. Harding
7. China.
8. Returned it to General Lee.
9. Ohio River.
10. No. Sheep and Goats also do.

The old lady has been favored with quite a few orders for engraved work. Both the price and the quality of the work are very satisfactory to the customers.

The army camp for Grenada is by no means a dead issue.

## AMERICA'S \*Greatest VACATION VALUE

Combine benefits of the world-famous thermal baths (in our U.S. Govt. supervised bath-house) with a glorious setting in breezy Ozarkite Mountain atmosphere. Golf, hunt, hike, ride horse-back or just "loaf" in Uncle Sam's own National Park playground while you bathe every ocean and palm, regain pep and vigor, as thousands do each year. . . . Choose from widest range of accommodations (rates low as \$1.50 per day) revel in the attentive service and sumptuous Southern cuisine that have made the Majestic the favored hotel of the Nation's Spa. Full pictorial folders on request. Write

Hotel MAJESTIC AND BATHS . . . FRANK W. BYRNES, Manager HOT SPRINGS NATIONAL PARK, ARK.

When his eyes were once again lifted toward Christ, his faith was immediately restored, and he walked once more on the waves, with perfect confidence.

Mr. Thrower's message could not have been more timely, more comforting, nor more reassuring. The Methodists of Grenada have a splendid congregation, particularly representative of the community, and a fine spirit of

brotherhood pervades the atmosphere in which they gather in fellowship and worship.

With the pressure of ordinary daily disappointments, and the petty annoyances inseparable from the usual routine of our lives, it is a great blessing to have the privilege of sharing in bright, cheerful and reassuring gatherings of our fellow men.

It is more blessed to give than to receive, but in all truth, the compensation derived from attendance at an inspiring service such as that at the Methodist Church on Sunday, does the individual infinitely more good than could possibly be derived from the expenditure of a similar amount of time in any worldly interest or recreation. Methodists of Grenada, support your fine church by consistent personal attendance!

## Standards You Can Tie To

In these days of stress and strain and uncertainty as to services and prices, it is comfortable to do business with the railroads. You can plan IN ADVANCE what you are going to spend, and you can be certain of having the service furnished at the expected price.

Such dependability, lightly regarded though it may be in times of peace and plenty, is a pearl beyond estimate when emergencies arise and the skies darken and the winds begin to blow. That is true because supply and demand have little effect on prices of railway transportation.

Uncle Sam himself has been among the first to find that out. He is coming to lean more and more heavily upon the strength of the railroads. Despite that, there has been no increase in all-rail rates on any commodity even remotely related to the national defense program.

On the contrary, there have been notable reductions. In taking over the movement of commodities ordinarily handled by water, the railroads have in many cases reduced rates below the normal all-rail basis. Crude petroleum is one timely case in point.

Nothing short of an unbearable increase in expenses is likely to cause the railroads to seek any general increase in their rates.

We of the Illinois Central pledge to Uncle Sam, as we pledge to each of his sons (and your sons and our sons) in the training camps: "WE'LL NEVER LET YOU DOWN!"

J. H. Beven  
President

## COTTON SEASON IS OPEN

Having installed the latest improved gin machinery made by the Continental Gin Company, we are prepared to handle your seed cotton in the most efficient manner and to insure the best "sample" possible.

## "SERVICE IS OUR MOTTO"

1. We will haul your bale of seed cotton from any point in this territory, deliver bale to compress, and secure sample and receipt for you at 50 cents per bale.
2. We will have all cotton ginned by a government classer so that the farmer will know what he has.
3. Without charge we will put your cotton in the government loan if you desire us to do so.

## HIGHEST MARKET PRICE PAID FOR COTTON SEED

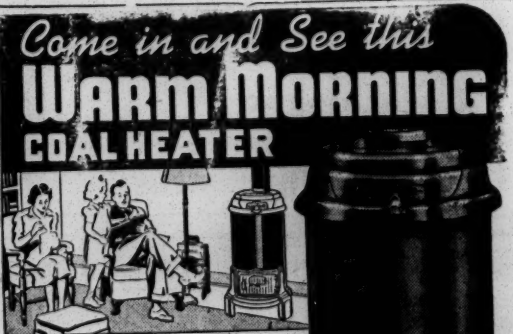

We sincerely believe we have as good a gin as there is in the state
